User stories

As a user, I want to be able to see all the events in my city, so that I can have multiple options to choose from.

As an organizer, I want to be able to post photos and information about my place, so that people that don't know the place have a better idea of where they're going.

As an organizer, I want people to know when I post a new event in their city, so that I can have more customers.
